BETWEEN PARIS CHIC & NEW YORK LIFESTYLE

„La vie est belle – Life is beautiful!“

The buffet Kull has been spreading French joie de vivre and a hint of New York hipster restaurant à la Balthazar in downtown Munich for over 20 years. When Rudi Kull first welcomed his guests at Kull, the restaurant was a real novelty in Munich's city centre: the mix of Parsian chic and New Yorker energy was unusual and different from the mainstream.

Rudi Kull himself had worked in the Big Apple for many years and drew his inspiration from this period: an unique atmosphere, semicircular, floor-to-ceiling sash windows for subdued light, white table-cloths – timeless and rustic.

Sophisticated brasserie cuisine, cosmopolitan flair and Rudi Kull's esprit still make the restaurant an insider's tip for connoisseurs and socializers. Nothing has changed in this respect to this day. Only the circle of initiates has grown steadily - both nationally and internationally. If you want to go in, you should reserve in advance!

Whether for a birthday, party or casual business dinner, the cheerful Italian ambience makes every occasion an experience. ATMOSPHÄRE, FEUER UND LEBEN

In Munich's Maximilianstrasse, the Brenner restaurant has been all about enjoyment since 2003. In the columned hall of the Marstall, the Brenner conveys an inspiring urban feeling: fast, well-trained service, the old building fabric with timeless elements and the unique division of the impressive space create a dynamic that is incomparable.

The barbecue area is characterized by the open fireplace in the middle of the room; in the second area high-quality pasta is made fresh and by hand every day. The Brenner Bar stands for itself. Its perfectly coordinated cocktail creations await you alongside Brenner classic aperitivi. New York bar culture meets Milan.

In culinary terms, we follow a health-conscious diet at the highest level. High-quality meat and fish dishes, delicious salads

salads, homemade bread, pasta and desserts as well as a selected wine list ensure culinary enjoyment. At Brenner, the product is always served pure. Only olive oil and sea salt emphasize the Mediterranean note.
